Engineered for commercial and industrial resilience, this high-density solution delivers massive capacity (215kWh) and robust power (100kW) in a single, scalable cabinet.

This fully integrated 100kW/215kWh system combines high-density battery storage with intelligent power management in a single, factory-assembled unit - delivering unmatched performance and reliability ...

VERYPOWER Intelligent Energy Block, with a capacity of 100kWh to 215kWh, Built-in integrated EMS system and PCS, making it suitable for various scenarios such as small and medium-sized ...

Delivers 100 kW rated AC power and 232 kWh battery capacity for industrial and commercial energy needs. Designed with IP55 protection, transformer isolation, and real-time monitoring for enhanced ...

The ESS-100-173 energy storage system cabinet boasts a modular design that ensures effortless expansion and adaptable deployment options, meeting evolving energy storage needs with ...

The door-mounted embedded integrated air conditioner does not occupy cabinet space, increases the available space of outdoor cabinets, has better top structural integrity and good waterproofing effect.

The Symtech Solar Battery Energy Storage Cabinet (MEG 100kW x 215kWh) is a fully integrated, PV-ready hybrid energy storage solution designed for both on-grid and off-grid applications.

The iCON 100kW 215kWh Battery Storage System is a fully integrated, on or off grid battery solution that has liquid cooled battery storage (215kWh), inverter (100kW), temperature control and fire safety ...
