The ESS HV 50KW+100KWH is a fully integrated, modular battery storage system. Designed for C& I applications, it combines a PCS, BMS, LiFePO4 batteries, and EMS into a single, sleek cabinet to ...

Introducing the All-In-One C& I ESS Cabinet - a high-performance, containerized energy storage system designed to deliver 100kW power output and 215kWh capacity in a single, integrated unit.

Housed in a weather-resistant IP55 cabinet, it combines a 100kWh LiFePO4 battery pack with 50kW charge/discharge capability, supporting real-time monitoring and remote control via Ethernet, RS485, ...

All-in-One Design: Compact, pre-assembled solution for easy deployment and reduced installation time. High Scalability: Modular architecture allows for flexible capacity expansion. Robust Protection: IP54 ...

The HighJoule 100KWh Outdoor Cabinet Series offers a robust solution for commercial applications, featuring a 100KWh LFP or SSB battery with over 8000 cycles, ensuring long-term reliability and ...

Specifically designed for industrial and commercial applications, our energy storage solutions--available in 100KWh, 215KWh, and 300KWh capacities--promise to enhance your efficiency, sustainability, ...

The 100 kWh battery system is designed in a cabinet. It can protect the battery system well and also isolate the high voltage battery from the outside to reduce the safety risk.

Featuring an advanced battery management system (BMS), power conversion system (PCS), liquid cooling, and intelligent energy management (EMS), this energy storage cabinet ...
