distribution components and more. all housed within a robust outdoor energy storage cabinet. Our innovative modular design caters to diverse application needs, offering eco-friendly, high-yield ...

Looking for an ODM BESS energy storage system? Our all-in-one outdoor cabinet (50-100kWh) features an IP55 design, LFP cells, and easy expansion for C& I applications.

Discover the MEGATRON Series - 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, offering ...

It offers peak shaving, energy backup, demand response, and increased solar ownership capabilities. Additionally, this energy storage system supports grid-tied, off-grid, and hybrid solar systems and can ...

Multi-functional: PV + energy storage mode, solving the problem of small power supply in remote areas. Off-grid uninterruptible power supply, dynamic capacity expansion, peak shaving and valley filling to ...

Our 200KWh outdoor cabinet energy storage system features a battery pack system enclosure with triple fire protection. With independent relay protection and battery-level thermal monitoring, you can ...

Our 200kWh energy storage system is designed to meet the energy demanding requirements of commercial and industrial areas.

The outdoor cabinet-type photovoltaic storage system, boasting a power rating of 100kW/200kWh, seamlessly amalgamates energy storage batteries, PCS, power distribution, ...
