We design a solar container that fits your needs and send you a personalized quote.

Ideal for temporary power, remote locations, or emergency backup, these all-in-one solutions combine high-efficiency solar generation with integrated storage for rapid deployment in construction, events, ...

Our fully furnished containers are available in both 20 foot and 40 foot also outfitted with our WaterSecure system, providing you with an off-grid power solution that is both reliable and sustainable.

The 40ft Foldable Container House with Solar Panels is a modular, mobile housing unit constructed from a 40-foot shipping container. Engineers designed it to fold flat for easy transportation and equipped it ...

LZY Mobile Solar Container System - The rapid-deployment solar solution with 20-200kWp foldable PV panels and 100-500kWh battery storage. Set up in under 3 hours for off-grid areas, construction sites ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Customization and modular configurations allow for tailored solar panel installations to fit shipping container dimensions, while solar panel kits simplify installation.

We are actively driving the evolution towards emission and noise compliant power solutions at worksites. The mobile solar container range redefines on-site power by harnessing the sun's energy in an ...
