The SUNWAY 50-100 kW Outdoor Cabinet ESS is an all-in-one energy storage solution designed for commercial and industrial applications. Equipped with a reliable Growatt inverter, it supports flexible ...

50kW/100kWh outdoor cabinet ESS solution (KAC50DP-BC100DE) is designed for small to medium size of C& I energy storage and microgrid applications. Individual pricing for large scale projects and ...

With enhanced power output in off-grid mode, it ensures reliable and uninterrupted energy supply even in challenging environments. Pre-wired for ease of use, the system allows for quick installation, ...

Designed to support grid-tied and off-grid scenarios, the Hybrid ESS cabinet offers seamless integration and maximized space utilization, making it an ideal choice for growing energy demands.

These solutions are essential for storing excess energy generated from various sources and releasing it when needed, thus enhancing grid stability and supporting the integration of renewable energy.

All-in-one 50kW/100kWh ESS cabinet for solar storage, backup, and peak shaving. Outdoor-rated, air-cooled, and easy to install with full EMS control.

50kW and 125kW energy storage power modules, support on or off grid mode, air-cooled battery or liquid-cooled battery optional, has transformer, has STS module to achieve 10ms seamless switching.

Commercial and industrial energy storage: GSL's high-voltage battery cabinets (80kWh-140kWh) and liquid-cooled BESS containers (1MWh+) are ideal for large-scale solar power plants ...
