Why are so many educational facilities choosing shipping containers?

Take a look at just some of the benefits to learn why so many educational facilities are choosing shipping containers for their classrooms. Low cost is one of the top benefits of shipping container classrooms. Choosing shipping containers to build is a great option for schools on a budget.

How many shipping containers can be used for a school?

Small School with Stacked Containers: You can combine shipping containers side-by-side or stacked on top of one another to build a small school with a few classrooms. Large Facility with Stacked Containers: You can use as many shipping containers as you need to create a large educational facility, as needed.

Why do schools need storage containers?

When schools need more space for new construction, expansion or other needs, storage containers and modular buildings provide additional storage and workspace for students and staff. Our secure shipping containers are ideal for storing seasonal equipment and maintenance supplies.

How long does it take to build a shipping container classroom?

As mentioned, you can have your entire shipping container classroom ready to operate in 10 weeks or less! Plan: Map out a plan for your shipping container classroom by determining your total budget, location for the classroom, space designated, ideal timeline layout/floor plan, and other priorities for your classroom.

Our modular container solutions allow schools to expand quickly, cost-effectively, and with minimal disruption. Whether you need a single classroom or an entire campus extension, we're here to help ...
