Exponential Power's Battery Cabinets & Enclosures provide durable, secure solutions for telecommunications and industrial applications. Designed to protect battery systems, these cabinets ...

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce maintenance, and optimize runtime.

Our engineering team specializes in designing and manufacturing custom racks and cabinets that meet the highest standards of safety and performance. If you have a project that ...

NEMA 3R-rated, weather-resistant carbon steel enclosures are easily installed and assembled. Corrosion-resistant fans prevent Atlas lithium Powerwalls from reaching a maximum 120°F charging ...

Our practical, durable cabinets are manufactured from aluminum, and lined with CellBlock's Fire Containment Panels. CellBlockEX provides both insulation and fire-suppression, to keep your assets ...

Designed to exceed IFC24 fire-containment standards, it enables secure storage of bulk, damaged, or prototype batteries without the need for a separate fire-rated room. Lightweight, mobile, and field ...

AZE's outdoor battery racks and battery enclosures keep your batteries safe from weather, vermin and damage, we have enclosures for wall or floor mount with models available for indoor and outdoor ...

From concept and design to fabrication and assembly, Bull Metal Products manufactures custom battery enclosures, lithium battery boxes, and battery cabinets with the highest quality and safety standards.
