With advanced battery technology, smart monitoring, and weather-resistant construction, it is the ideal solution for telecom, renewable energy, and industrial applications.

SWA ENERGY outdoor cabinets are engineered for harsh environments and long-term outdoor operation. With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, ...

Highjoule's Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and microgrids.

Our outdoor cabinets with lock/hinged doors are suitable for housing multiple battery racks. The interior is air-conditioned by a cooling unit that is mounted on the side wall or door leaf.

With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. Our outdoor cabinets are ...

Outdoor Energy Storage All-in-One Cabinet from China--weatherproof, scalable, and IoT-enabled for solar, industrial, and EV applications

Secure your off-grid power needs with our outdoor cabinet energy storage system. Designed for resilience, it offers high-capacity energy storage in a weather-resistant cabinet.

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.
