Well reputed organizations like selvon instruments and exicom telesystems ltd. are placing bulk orders for the Tubular Telecom Cabinets that reflects the genuineness of the products more... Let our Experts answer you.

What is an indoor Telecom cabinet?

Indoor telecom cabinets are designed for controlled environments like data centers, server rooms, and office spaces. These enclosures provide a secure and organized space for housing telecommunication equipment. Since they are used indoors, they do not require extensive weatherproofing.

Which companies use Hanut India outdoor enclosures?

Hanut India outdoor enclosures are being used by leading telecom operators in India like BSNL & Aircel. Outdoor cabinets [mini RTU panels, marshalling cabinets] have been successfully deployed in Middle East also. Outdoor panels manufactured by Hulasi Metals Jaipur have been deployed on pan India basis.

How much does a large telecommunication cabinet cost?

Large indoor cabinets are designed for extensive telecommunication systems in controlled environments like data centers. These telecom racks provide ample space for organizing equipment and often include advanced cable management and cooling systems. Prices for large indoor cabinets range from \$2,000 to \$10,000 or more.
