Who is HiTech solar?

Founded to address the growing need for renewable energy, Hitech Solar has quickly established a reputation for delivering innovative EPC solutions. Our expert team ensures that both residential and commercial clients receive personalized service tailored to their unique energy requirements.

Why should you choose Hitech solar?

At Hitech Solar, our focus on quality and innovation has led to successful partnerships across various sectors. We take pride in our role as a premier solar energy provider, combining sophisticated technology with exceptional customer service to meet the diverse needs of our clients while promoting a greener future for all.

What are hightec solar panels made of?

Hightec Solar panels are made from the best high-efficiency mono crystalline solar cells available. All of our panels have been designed with a fully encapsulated junction box and connection system, as well as high-quality aluminum frames and back sheets to provide strength and long-term functionality. Max. Load Max. Load Max. Load Max. Load Max.

What data is included in the photovoltaic industry report?

This report includes summary data for the photovoltaic industry from annual and monthly respondents. Data include manufacturing, imports, and exports of modules in the United States and its territories. Summary data include volumes in peak kilowatts and average prices.

Hitech Solar - UK's leading producer of Monocrystalline and Multi-crystalline Solar PV products. We manufacture high efficiency, superior affordable Photovoltaic panels.

Browse our inventory of sustainable solar panels that are built to last and perform under any circumstance or condition.

Hitech Solar was founded amidst the rising demand for renewable energy, fueled by a vision to create sustainable energy solutions. Over the years, we have expanded our expertise in solar panel trading ...

We offer panels made in the UK to the UK and international delivery service. Our Solar PV products are manufactured in accordance with both IEC61215 and IEC61730 Standard. In addition to this we are ...

Hitech Solar has shut down, leaving customers without support. Learn how The Light Group USA can help with solar system monitoring, maintenance, and warranty assistance.

This report includes summary data for the photovoltaic industry from annual and monthly respondents. Data include manufacturing, imports, and exports of modules in the United States and its territories.

Hitech's solar power projects have been implemented across its various manufacturing units located in Mysuru, Vizag and Rohtak. Each facility has been carefully assessed to determine the optimal solar ...

At Hitech Solar we only use the state of the art European machinery to ensure quality and consistency. We have international accreditation and auditing to ensuring the customer has the best products we ...
