Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

Can telecommunication equipment survive in an outdoor enclosure?

To survive in an outdoor enclosure, your telecommunication equipment needs to have climate control. So whether you are keeping the electronic system and its components cool in the summer or warm in the winter, outfitting your electrical box with the proper heating and cooling features will protect your investment.
