The band originally went by the name Trigger, but changed it to Foreigner to reflect the fact that half the band was British and half was American -- no matter what country they were in, at ...

Buy Foreigner tickets from the official Ticketmaster site. Find Foreigner tour schedule, concert details, reviews and photos.

Foreigner stands as one of rock music's most enduring and commercially successful bands, having sold over 80 million records worldwide since their formation in 1976.

From France to the U.S., inventors were inspired by the patents of the mathematician and filed for patents on solar-powered devices as early as 1888. Charles Fritts installed the first solar...

While experimenting with metal electrodes and an acidic solution, nineteen-year-old French physicist Alexandre Edmond Becquerel creates the first solar cell. This solar cell was known as a photovoltaic ...

In 2022, Foreigner announced their plan to retire and embark on a farewell tour.

Solar power is not the product of a single mind but a culmination of millennia of discovery, experimentation, and incremental innovation. The story of its invention is a sprawling historical saga, ...

Foreigner produced two Top 10 hits in North America, "Feels Like the First Time" and "Cold as Ice," and peaked at No. 4 on the US album chart and in the Top 10 in Canada and Australia.
