"Free solar panels" aren't free; typically, these programs refer to ...

The US government is not giving away free solar panels or paying people to go solar, no matter how many random and Facebook ads say otherwise. This scam is usually a ...

This guide will walk you through everything there is to know as well as how to get solar panels for free.

"Free solar panels" aren't free; typically, these programs refer to solar leases or PPAs. The federal government does not provide free solar panels, but many states and utilities offer ...

There are no government programs currently available that provide homeowners with solar panels completely for free, but some income-based programs can reduce solar costs significantly.

Looking to have solar panels installed on your home for free? Learn how federal, state, and local incentives can pay for all or most of the installation cost.

There's no such thing as free solar panels or free government solar programs. Most "free" offers are actually leases, power purchase agreements, loans or scams.

This guide explains why solar panels aren't truly free, how financing options can make them affordable, and how federal and state incentives can save homeowners thousands.
