Group 31 lithium batteries are advanced power solutions offering higher energy density, longer lifespan, and faster charging compared to traditional lead-acid batteries.

What Are Batteries Group 31 Specifications? Group 31 batteries are heavy-duty 12V deep-cycle or dual-purpose units with standardized dimensions (L13" x W6.8" x H9.4?), designed for high-capacity ...

LiFePO4 batteries, like our 12V Group 31 Heavy Duty Diesel Starter Battery, are about 70% lighter than traditional lead-acid batteries. They're easy to install and come sealed, eliminating concerns about ...

Discover the differences between Deep Cycle Group 24 and Group 31 batteries. Compare capacities, applications, and find the best option for your needs!

For users, the key lies in prioritizing needs: Group 24 suffices for compactness and affordability, while Group 31's hidden advantages--critical for high-demand, long-term, or harsh ...

Explore Group 31 battery specs: LiFePO4 (3,000+ cycles), AGM reliability, UL 2580-certified designs for marine/solar. Compare types for your industrial needs.

12V 100Ah BCI Group 31 LiFePO4 Battery, 100A BMS Rechargeable Lithium Battery with Low-Temp Protection, Up to 15000 Cycles Perfect for RV, Camping, Solar, Off-Grid and Boat

Upgrade from SLA or AGM battery to LifePO4 Group 31 battery. Enjoy longer runtimes, lighter weight lithium power for RVs, boats, or home backups.
