Equipped with 144 state-of-the-art cells, this panel offers the highest power output in our lineup, allowing you to generate more electricity and reduce your dependence on traditional energy sources.

Trina Solar is a leading Chinese brand consistently ranked among the top 5 largest monocrystalline solar panel manufacturers, known for advanced solar cell technology and designs.

As a Tier 1 bankable solar manufacturer recognized by Bloomberg New Energy Finance (BNEF) for seven consecutive years, Trina Solar has established itself as a trusted partner for utility ...

It is currently the largest solar system in Monmouth County. The project saves the equivalent of 1,386 barrels of oil annually. Over thirty people were employed during the time of the installation.

Take a look at our history and you'll find that we've been selling top of the line solar products directly to the public far longer than Home Depot &#174;, BP Solar &#174;, Sunpower &#174; and GE Solar &#174;.

Trina Solar currently offers two solar panel lines for residential solutions in the U.S.: the Vertex S/S+ and the Residential line. For solar panels, the most important specs to watch are: ...

Trina Solar grid-tie system packages are pre-engineered solar kits that allow you to choose from a selection of solar panels matched with a variety of solar inverters.

Compare Trina Solar panel specs, datasheets, and warranties to choose the best model for your home or business and make smart buying decisions.
