How much will Huawei buy China mobile's 5G base station?

Huawei secured 52 per cent of China Mobile's 5G base station work, the largest portion of the contracts put out for tender this year. The deal would involve the sale of 45,426 5G base stations worth about 4.1 billion yuan (US\$574 million), according to calculations by the South China Morning Post using bid details published by China Mobile.

Who won a 5G contract in China?

Huawei wasn't the only Chinese vendor to win a sizeable chunk of the tender, with ZTE the second-largest winner with around 26 percent of the contract, equivalent to 23,227 5G base stations. Smaller contracts were also awarded to Datang Mobile Communications Equipment, Ericsson, and Nokia Shanghai Bell.

What are the biggest 5G base station contracts awarded this year?

The China Mobile tender represents the biggest 5G base station contracts awarded this year.

Will Huawei's 5G deal bolster China's core revenue base?

Huawei Technologies will supply over half of the 5G base stations for China's top telecoms company China Mobile between 2023 and 2024, a deal which analysts say will help shore up its core revenue base after losing its lucrative smartphone business amid tough US sanctions.
