Does Staples offer a battery backup & uninterruptible power supply (UPS)?

Shop Staples' collection of battery backups and uninterruptible power supplies (UPS) to protect your data and technology.

How much power does an ups have?

In our testing, this UPS produced a peak power output of 470 W, which is lower than what we saw with most of the units we tested, but should still be enough to power a desktop computer, a household modem, a Wi-Fi router, an external hard drive, and maybe a few small devices. It has lots of outlets.
