LONGi provides you with the most comprehensive product data information so that you can quickly understand LONGi's full range of products.

Solar panel framing machine Semi-auto framing mach...

Through innovation and sustainable development, LONGi provides monocrystalline-silicon modules with high efficiency, high reliability and high yield, as well as offering survey and design solutions for ...

LONGi launched its mono-PERC modules in 2016, featuring integrated PERC technology on monocrystalline silicon and low light degradation, and its cell efficiency has increased from 21% to ...

With excellent technical research and development team and advanced production equipment, it has established a good reputation in the solar photovoltaic industry, and its products are exported to ...

LONGi is more than a product supplier, offering project consultation, design, installation, procurement, commissioning, operation and maintenance, and financing expertise.

We will help our customer start new solar panel factory, provide semi and full automatic solar panel making machines. And help the customer update the manual production line to full automatic ...

The automatic framing machine features short cycle time and high precision and can meet panel production requirements. The corner misalignment, the leaking hole dislocation and the border ...
