BESSNZ is a new company focused on Commercial & Industrial (C& I) and large Residential battery energy storage solutions that will lower your business running costs, provide backup power if ...

transferring and using energy. In New Zealand, our hydro lakes store energy on a large scale. However, until now we have had limited options to store electricity cost-effectively, close to where it is used. It ...

Heavy-duty Lithium-Ion Battery Storage Cabinet with 5 insulated compartments, dual-latching doors, and one-way exhausts. Available end of May 2025.

The NEMA type outdoor lithium battery enclosure can effectively control the inner ideal temperature of the cabinet and make the battery run in an ideal temperature condition.

Based on a lithium iron phosphate battery system, the ESS outdoor cabinet serves as a comprehensive complete solution for stationary energy storage.

For larger businesses, this Lithium-ion battery cabinet makes the most of the clever double-wall, sheet steel design, which provides a thermal air defence to slow the advance of any battery fire.
