-----

The new legal framework paves the way to the electricity market integration--most notably, the coupling of North Macedonia's electricity market into the EU single day-ahead and ...

The new law aims to liberalise the electricity market, introduce smart meters, support new concepts such as citizen energy communities and active demand management models, and ...

On 14 May 2025, the Parliament of the Republic of North Macedonia adopted the new Energy Law, modelled on European Union (EU) acquis and aligning the country's energy policies with the EU's ...

Elektrodistribucija DOOEL operates in compliance with the applicable laws and by laws of the Republic of Macedonia.

This article considers energy laws and regulations in North Macedonia, covering the oil sector, electricity market liberalisation and structure, and more.

On May 21, 2025, the new Energy Law was published in the Official Gazete of the Republic of North Macedonia, adopted by the North Macedonia Assembly on May 14.

While there were no other major energy legislative changes, North Macedonia continues to harmonize its energy sub-regulations with the EU Energy Community's Third Energy Package (TEP).

Ministry of Energy, Mining and Mineral Resources of The Republic of North Macedonia
