Integrated battery pack, inverter, BMS, and EMS in one cabinet Reduces installation time and space usage

Built, tested and optimized for the North American market for commercial projects. Equipped with integration controls for solar PV and generators. Backup power-ready and designed to support onsite ...

A BESS cabinet (Battery Energy Storage System cabinet) is no longer just a "battery box." In modern commercial and industrial (C& I) projects, it is a full energy asset --designed to reduce electricity ...

The MOBICELL-15K is a modular three-cabinet clean power system engineered to replace diesel generators for backup and mission-critical power. Ideal for telecom, industrial and remote off-grid ...

Outdoor 15kW 30kWh BESS Cabinet 307V High Voltage LiFePO4 Lithium Battery Energy Storage System for Commercial Industrial Solar

Use photovoltaic power generation to provide electricity supply for customer's farms without grid, 40.96KWH battery capacity to ensure uninterrupted power supply

Our BESS systems are all-weather suited, with three different cabinet variations to suit any weather environment. With isolated output and online UPS for grid-connected applications, you have access ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications.
