This article explores the most common solar panel scams, provides tips to recognize red flags, and offers guidance on protecting yourself from fraudulent solar companies.

While you are browsing solar power companies, one of them may ...

A Minnesota woman is warning others after her elderly mother in Abilene fell victim to an alleged door-to-door solar panel scam.

Minnesota is suing firms who finance solar power systems for homes. The case alleges that four lending companies deceived customers with hidden, upfront fees in exchange for lower ...

To avoid getting scammed, you need to know what to look out for and when to walk away. Here's our guide to spotting solar panel scams and finding a great installer.

Learn how to spot solar panel fraud, avoid predatory contracts, and take action if you've been scammed, with guidance from Prevost Law Firm.

The three most common solar scams are so-called free solar panels, requests for detailed personal or financial data right away, and misleading contracts.

And while they promise free or low-cost solar panels, or offer you huge rebates, tax credits, or utility incentives to pay for those solar panels, those are lies.
