Who makes voice & data communication cabinets & racks?

When it comes to Voice & Data Communication Cabinets & Racks, you can count on Grainger. Supplies and solutions for every industry, plus easy ordering, fast delivery and 24/7 customer support.

What is a network rack & cabinet?

Network Racks and Cabinets are essential for any network. Cabinets are used for storing routers, patch panels, switches and a wide variety of networking equipment and accessories. Network cabinets support large, modular network switches by providing additional space for cable management and side-to-side airflow solutions.

Who makes data communication racks?

AutomationDirect offers quality data communication racks and accessories from Hammond Manufacturing, Wiegmann, and Saginaw, three top enclosure manufacturers in North America. Data communication racks provide a housing to mount data communication equipment and devices used in industrial environments.

What is a network cabinet?

Networking cabinets tend to have a wider footprint with additional interior space along both sides for cable management. Inside of network cabinets allows easy access to cables and equipment and may have removable doors and/or side panels. Cables can be organized with cable management accessories in the front or back of the cabinets.
