SolaraBox is built to solve project power needs. The system is modular and easily scalable: you can add multiple units to increase output, and it supports on-grid, off-grid, and hybrid configurations.

Each containerized Solarator(TM) BESS can be rapidly deployed in remote, regional, and urban environments within 30 minutes, and we offer redundancies to ensure an uninterrupted power supply.

For anyone serious about keeping their solar batteries protected outdoors, these cases offer the best balance of safety, durability, and functionality. Trust me--after extensive testing, I ...

Looking to build off-grid power solutions with shipping containers? Boxhub is the leading provider of new and used shipping containers for solar panel installations and battery storage.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Discover durable solar battery boxes for your trolling motor, RV, boat, or solar panel setup. Featuring multi-port functionality and weatherproof designs.

Unlike traditional solar containers, Solarfold(TM) can be quickly retracted during severe weather and offers better mobility and efficiency. Our technology represents the next generation in mobile solar power ...

Highjoule's mobile solar containers provide portable, on-demand renewable energy with foldable photovoltaic systems (20KW-200KW) in compact 8ft-40ft units.
