Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you? Or say you'll never have to pay another electricity bill because government programs, grants, or ...

Some customers say they were victims of fraud and forgery. This threatens rooftop solar's impressive momentum. Now, some solar companies are working to repair the industry's ...

To avoid getting scammed, you need to know what to look out for and when to walk away. Here's our guide to spotting solar panel scams and finding a great installer.

Let me be clear: Rooftop solar technology is great. It works, but when it breaks down, hundreds of thousands of owners across the country can't obtain service because of dealer bankruptcies.

Every single one is a scam. And complaints about those scams are clogging the Federal Trade Commission's (FTC) mailbox. Solar-related complaints are up nearly 750% since 2018.

On Aug. 7, the Treasury Department issued an advisory noting a rise in consumer complaints about such practices as rooftop solar installations surge, emphasizing that scams are against the law.

While rooftop solar panels are becoming increasingly ubiquitous in homes throughout the United States, the industry also has a more sinister side: a seemingly widespread problem of ...

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...
