Scammers across the U.S. are going door-to-door, pitching "free" solar energy systems. Many homeowners never get any solar equipment installed; those who do often get shoddy work. ...

Permitting fraud occurs when unethical individuals or companies cut corners and bypass the permits and regulations required for solar installations. This deceitful practice can lead to severe consequences ...

No information about the cost to remove or transfer solar panels, which could lead you to believe you have future options that might not be available or affordable

Permitting fraud occurs when unethical individuals or companies cut corners and ...

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll ...

Attorneys general in a number of states have filed actions against solar companies in the past few years, but have often reached settlements that amount to a slap on the wrist.

Some customers say they were victims of fraud and forgery. This threatens rooftop solar's impressive momentum. Now, some solar companies are working to repair the industry's ...

Installing solar is one of the best ways to save money on home energy and achieve a cleaner, cooler future. Solar panels harness renewable energy from the sun, reducing our reliance on dirty ...
