All air cooling units Tropic Series (outdoor) can be supplied version with case in AISI 304L or AISI 316L stainless steel; manufactured with stainless steel housing, with a very functional and innovative slim ...

Intelligent liquid cooled technology prolongs battery life Modular design supports parallel connection and system expansion IP54 outdoor cabinet and optional C5 anti-corrosion

Constructed from galvanized or stainless steel and rated up to IP65, it ensures complete resistance to dust, rain, and corrosion while maintaining optimal operating conditions for all internal components.

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...

Industrial Roof-Top Solar: Designed for factory/warehouse rooftops with sun-heated high temperatures. Manages AC power to machinery/lighting while preventing component overheating in enclosed roof ...

With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. Our outdoor cabinets are ...

IP54 protection, transformer isolation, intelligent air cooling, and reliable operation from -25°C to 60°C.

High-capacity modular design that can be scaled from 215kWh to multi-MWh configurations. IP54-rated outdoor cabinet that withstands extreme temperatures, dust, and moisture. Real-time load ...
