With an intelligent energy storage solution, you increase the profitability of your PV system and support the energy transition.

Learn about LZY's cutting-edge products, from mobile solar PV containers, photovoltaic glass, and BESS power conversion systems.

A new pumped-storage power station, one of the most powerful in Europe, came on stream in canton Valais in southern Switzerland in July 2022.

Huijue Group's Home Energy Storage Solution integrates advanced lithium battery technology with solar systems. Ranging from 5kWh to 20kWh, it caters to households of varying sizes.

SunContainer Innovations - As Switzerland accelerates its transition to clean energy, the Zurich Power Plant Energy Storage Project stands at the forefront of innovation.

Battery energy storage PCS solution for EKZ, one of Switzerland's largest energy companies BESS 1 MW / 250 kWh PCS solution at the Dietikon Power Plant in Zurich, Switzerland.

Headquartered in Switzerland, we deliver scalable, site-ready solutions that integrate battery technology, power conversion and intelligent energy management into one reliable system.

With the Zurich Energy Storage Project 2024, the country takes another leap toward achieving its 2050 net-zero targets. This project focuses on large-scale battery storage systems designed to balance ...
