What is a SMUD fixed rate plan?

A fixed rate plan charges a consistent price for electricity usage regardless of time. This rate averages 4% higher than the standard Time-of-Day rates. SMUD also charges a fixed monthly fee known as the System Infrastructure Fixed Charge (SIFC), currently set at \$25.50 per month. For the latest updates, visit SMUD's official website.

How much does SMUD charge a monthly electric bill?

I received and paid my monthly electric bill from the Sacramento Municipal Utility District the other day. In addition to \$75.76 in metered power consumption and \$1.58 in taxes, SMUD's bill included a \$24.80 "system infrastructure fixed charge" that, frankly, I'd never noticed before in decades of receiving SMUD service.

What is the system infrastructure fixed charge (SIFC)?

Other resources: The System Infrastructure Fixed Charge (SIFC) is a fixed monthly charge that helps pay for things like poles, wires, transformers, meter equipment, billing and customer service costs, including the Contact Center. If you don't have an online SMUD account, this is a perfect time to create one.

How much does SMUD cost per month?

SMUD also charges a fixed monthly fee known as the System Infrastructure Fixed Charge (SIFC), currently set at \$25.50 per month. For the latest updates, visit SMUD's official website. For the latest updates, visit SMUD's official website. SMUD employs a Time-of-Day (TOD) rate structure designed to encourage energy use during off-peak hours:

Time-of-Day (Low Use) Rate Rate details Just like the standard Time-of-Day (5-8 p.m.) Rate, the price for electricity is based on the time of day you use it. This option is for residential customers who: ...
