What is the European flagship fund for the reconstruction of Ukraine?

To deepen support for Ukraine's private sector, the EIB welcomed the initiative to establish the European Flagship Fund for the Reconstruction of Ukraine - a new EU-backed equity fund being developed with the European Commission and several Member States.

What will EIB Group do for Ukraine?

Unveiled by EIB Group and European Commission, package covers hydropower plants, district heating for communities, roads, bridges, border crossings and small companies. With the new agreements, EIB Group support to Ukraine reaches EUR3.6 billion since the start of Russia's full-scale invasion in 2022.

How does the EU financing work in Ukraine?

Most of the financing takes the form of EIB loans, which are backed by EU guarantees. The package includes financing for critical infrastructure. The goal is to restore major hydropower plants, upgrade municipal district-heating systems across Ukraine, repair key Ukrainian roads and bridges and improve border crossings.

What will Ukraine do with a EUR50 million loan?

The loans of EUR50 million each are to Ukrainian banks Ukrgasbank and Oschadbank, which will direct the funding to municipalities. Local authorities will be able to invest in decentralised heat generation, renewable energy and energy efficiency in public buildings.

The UK and Ukraine have launched the InnovateUkraine programme, which will support 13 green energy innovation projects in Ukraine with a & #163;16m investment from the UK government.
