A combined 126kWp system was deployed on two structures in Phnom Penh SEZ and it will supply energy to the zone's water treatment plant and to its administration building respectively.

What is HJ mobile solar container?The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium ...

Our customer base is divided into several market sectors in solar home systems for rural electrification, solar hot water, water pumping, industrial batteries, navigational lighting, and grid tied systems.

The inverter synchronizes with the state electrical grid and the system supplements your monthly utility use. Visit our main office in Phnom Penh to see our operating grid-tied system.

At present Cambodia's Ministry of Transport successfully connected a 708kW photovoltaic power station to the power grid, once again demonstrating the country's determination to develop ...

Wind-solar complementary power supply systems are used in various applications: port and navigation power supply, road and landscape lighting, video surveillance, off-grid ...

Discover how we installed a 5kW off-grid solar system in remote Mongolia, providing reliable, eco-friendly power with solar panels, a lithium battery, and smart energy control--an ideal solution for off ...

As a pilot project for the Ministry of Rural Development, 6 off-grid air-to-water generation machines are powered by solar energy and a lithium battery cabinet to supply fresh water to rural sites.
