Place your bulk order today and take advantage of our amazing wholesale prices that are better than the competition. SUNTREE has professional testing equipment to ensure the reliability of the products.

Generally speaking, a circuit breaker is a type of switch that protects us from dangerous electrical situations by automatically turning off the flow of electricity when an overload or other fault occurs.

The DC circuit breaker has super-class current-limiting performance, which can accurately protect relay protection and automatic devices from overload, short-circuit and other fault hazards. The DC circuit ...
